

## FIELD TRIPS

Serving Nelson and surrounding counties with hands-on outdoor classroom activities for over 20 years. From stream surveys to tapping trees, students receive practical and scientific field work experiences. All programs designed to satisfy Virginia's Standard of Learning Curricula.

Our fun and innovative programs help foster a genuine love for the land through natural science studies such as wildlife, botany, biology, environmental science, and so much more!

**Our programs can be custom tailored to your needs.**

## YOUTH PROGRAMS:

- Weather and Seasonal Change
- Adaptations
- Understanding Matter
- What's in Your Watershed?
- Discover Virginia's Ancient People

## ADULT PROGRAMS:

- Wildflower Symposium
- Winter Lecture series
- Interpretive Hikes
- Cultural History Trips
- Workshops
- Outdoor Explorations

**Our mission:**

To encourage and enhance  
the understanding, appreciation,  
and conservation of the natural  
and cultural resources of the  
Blue Ridge Mountains of Virginia
